

# Workshops for Small Business Success

*Relevant Business Training Solutions for your Small Business.*

**Pre-registration required. No fee to participants!**

## Small Business Planning & Strategy

This hand-on training will help you develop your business plan and set attainable goals in the new economic landscape and cover some new resources and tools to help you reach your goals. Instructor, Mark Gaither has taught Business and Information Technology classes at LCC for the past 8 years. In addition to a full-time teaching career, Mark operates a private business developing computer-based instructional solutions with an emphasis in healthcare and professional training. Pre-registration required. [Click Here to Register](#)

**Thursday, June 17, 6:00 -- 9:00 pm**

**Cathlamet, Washington**

**River Street Meeting Room, 25 River Street, Suite D, Cathlamet, WA 98612**

## Basic QuickBooks for Small Businesses

This hands-on training will help you understand the basic features, functions, and benefits of QuickBooks for small business owners. Instructor, Sue Bennett has experience working in the accounting field, teaching accounting, and has owned her own small business. [Click Here to Register](#)
